HS Smart Watches

High security for smart watches on display.

Secures watch body and band.

› The only high security solution for smart watches on display
› Allows shoppers to model how the watch will look on them before they buy
› Secures the watch body and band while bolted to the fixture
› Part of InVue’s IR Ecosystem™
HS Smart Watches

FEATURES AND BENEFITS

1 Provides robust security for watch body and band making it ideal for high theft environments
2 Powers micro USB watches, Samsung Gear 2, Gear 2 Neo, Gear Fit, Gear S and LG G Watch R
3 Allows consumers to model how the watch looks on their wrist without assistance from store staff
4 Uses a common security stand with the flexibility to change from alarming-only applications to micro USB watches and vice versa
5 Adjustable brackets secure most watches
6 Angled display stands for easy consumer interaction
7 LED blinks red during an alarming event
8 Red LED indicates the watch is armed
POWERS AND SECURES SMART WATCHES

HS Smart Watches powers and secures Samsung Gear S, Gear Fit, Gear 2, Gear 2 Neo and LG G Watch R smart watches.
HS Smart Watches are part of the exclusive InVue IR Ecosystem™, a storewide single key solution that improves customer service, increases sales and provides high theft protection.
