

Case Study

InVue provides smartphone and tablet solutions for Apple Authorized Reseller.

Newton Systems, Apple's Authorized Reseller in Gibraltar, selected InVue's Series 1500 and LTO to secure all of the iPhones and iPad Pros in their new Apple store. InVue was selected based on the minimal design of our products and their ability to provide scalable security.

According to Newton, the InVue devices enabled great looking displays, were simple to install and use, providing an exceptional experience for both customers and store associates.
