

Universal wearables solution with an exceptional, self-service customer experience.

The W1000 creates a high-aesthetic display with modern styling and finishes perfect for a high-end environment. The universal, self-service solution allows customers to try on any wearable and explore all the functions without store staff assistance.

As an all above-the-table solution with an integrated alarm unit, recoiler, and watch stem, the W1000 quickly installs and provides independent position security. W1000 is part of InVue's OneKEY ecosystem™ and works with Access Manager.

FEATURES AND BENEFITS

- 1 Allows consumers to fully experience 'owning' the smart watch without the assistance of store staff
- 2 Built-in recoiler maintains a clean display
- 3 Integrates OEM chargers with discreet power cable routing to ensure devices always have power
- 4 Interchangeable power trim and cradles optimize integration of OEM chargers
- 5 Versatile 'tear' sensor provides freedom and security
 - > Thin and flexible to not interfere with customer experience
 - > Replaceable for simple re-merchandising
- 6 Combining an integrated alarm unit, recoiler, and watch stem allows for quick installation above the table

Items shown in this configuration:

- > DVW100-W (W1000 Base - White)
- > DVW200 (W1000 Secondary Tear Sensor - Angled, Left)
- > DVW404 (W1000 / J704 Apple Trim)

A storewide single key solution to increase profits.

OneKEY[™]
ecosystem

W1000 is part of the exclusive InVue OneKEY ecosystem[™], a storewide single key solution that improves customer service, increases sales and provides high theft protection.
